

International COE Forum on Pulsed Power Engineering and Young Researcher Training Camp at ASO

September 14-16, 2009

Aso Villa Park Hotel, Kumamoto, Japan

Invited Talks

Prof. Dana D. Dlott

University of Illinois at Urbana-Champaign, USA
Shock compression with molecular resolution

Prof. Richard Heller

Old Dominion University, USA
Therapeutic Potential of Gene Delivery with Pulsed Electric Fields

Prof. Rolf Pruemmer

Karlsruhe University, Germany
Explosives and Shock Waves, useful for Mankind

Prof. Loree Heller

Old Dominion University, USA
In Vivo Endogenous Response to Electric Pulse and Plasmid Delivery

Prof. Ninel Alver

Ege University, Turkey
Source frequency effect on impact-echo data
quality for testing concrete

3rd Yellow Sea Rim Workshop on Explosion, Combustion and other Energetic Phenomena

September 9-10, 2009

Kurokami South Campus, Kumamoto University, Kumamoto, Japan

International Workshop on Explosion, Shock Wave and Hypervelocity Phenomena

September 10-12, 2009

Kurokami South Campus, Kumamoto University, Kumamoto, Japan

5th Kumamoto International Workshop on Fracture, Acoustic Emission and NDE in Concrete - KFA-5 -

September 17-18, 2009

KKR Hotel Kumamoto, Kumamoto, Japan
